## **FITFLOP SANDAL SIZER**

ORDERING ONLINE? Just print out this FitFlop sizing chart to ensure a perfect fit:

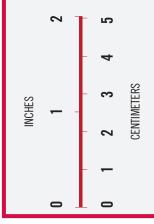

- 1) Open the sizing chart and click PRINT.
- 2) When the printer window pops up, make sure PAGE SCALING is set to NONE or 100%.
- Print your sizing chart and double check the scale using a ruler. If your sizer is a few millimeters off, read all of point 2 above.
- 4) Place your heel on the line indicated and choose your size accordingly along your toes.

## **INSTEP SIZE INFORMATION**

- If your feet fall somewhere between two sizes, opt up a size if you have wide feet or a high instep, and down if you have narrow feet or a low instep. The upper bands on the FitFlop DO NOT stretch.
- In the US, most people size down to the nearest whole size.
- Elsewhere, people generally size up.

## **IMPORTANT!**

Please ensure that this page has printed correctly by checking this scale with a ruler. If it matches up, great! If your sizing chart is off scale, read all of point 2 above.
